THE BRAINERD DAILY DISPATCH

Volume 10, Number 267 BRAINERD, MINNESOTA, WEDNESDAY, APRIL 12, 1911 Price Two Cents

VIRGINIAN IS THE CHAIRMAN

Senator Martin Heads Democrats on Steering Committee.

CANNON TAUNTS MAJORITY

Former Speaker Says Democrats Approved Republicans on Committees Who Are the Same Men as He Appointed in Last House—Over Two Hours Consumed in Electing New Committees in the House.

Washington, April 12.—The Democratic members of the steering committee of the senate were announced. Mr. Martin of Virginia heads them as chairman and the others named as members are Messrs. Culberson of Texas, Simmons of North Carolina, Clarke of Arkansas, Bankhead of Alabama, Fletcher of Florida, Williams of Mississippi, Kern of Indiana and Hitchcock of Nebraska.

The last two represent the pronounced progressive element in the senate. Senator Martin, the chairman of the Democratic caucus, who framed the committee, had announced his intention of giving the new and progressive senators fair representation. The steering committee's first function will be to take up the personnel of committees. The Republican members for this task already have been chosen.

Several of the more important committees probably will be enlarged to meet the demands of the Democratic senators for greater representation on them. The demand for places by Republican senators is so strong that it does not seem practicable to reduce the Republican representation and the Democrats insist on more liberal recognition.

Senator Gallinger, chairman of the Republican committee on committees, conferred on this subject with Senator Martin and they agreed to take up the matter with their fellow senators.

House Committees Elected.

It required more than two hours in the house of representatives to elect its new committees. It was the first time in history that the committees had been elected.

Former Speaker Cannon taunted the Democrats with having approved as the Republican representatives on the various committees practically the same men whom he as speaker had put on these committees in the last house. The Republicans charged the Democrats with gross unfairness in cutting down the minority membership on the most important committees.

Mr. Underwood, the Democratic leader, replied that the Democrats had based the proportionate representation on the committees strictly according to the Democratic majority inn the house itself.

"This is, moreover," he said, "the first time a minority leader has been permitted to name his committees and has had them adopted by the majority without dotting an 'i' or crossing a 't.'"

Republican Leader Mann cited a number of alleged inconsistencies and his arguments were seconded by Messrs. Cannon and Gardner of Massachusetts.

Instructions to the new committees were adopted in the form of resolutions. The ways and means and appropriations committees of the house were authorized to sit during the sessions and recess of the house.

FARMERS ADOPT RESOLUTION

Minnesotans Voice Protest Against Canadian Reciprocity.

St. Paul, April 12.—A resolution opposing the reciprocity bill now pending in congress was passed by 250 farmers from all parts of Minnesota in session at the old capitol. The statement will be taken to Washington by a delegation of Minnesota farmers.

A resolution was also adopted calling upon the chairman to appoint a committee of three to bring the resolution of protest against the Canadian reciprocity treaty before the Minnesota legislature, with the request that it be adopted and forwarded to congress in the form of a concurrent resolution.

Find Part of Stolen Money.

Fort Dodge, Ia., April 12.—A leather kit of burglar's tools and $300 of the $350 stolen from the Dayton First National bank were found by a farmer in a hayloft. The thieves had hidden within a half mile of the bank they robbed until they could make their getaway. One hundred dollars reward for each man is offered by Bank Cashier Waterbury. Posses are scouring the country.

Stephenson Is Censured.

Madison, Wis., April 12.—The senate concurred in the Ballard resolution censuring Senator Isaac Stephenson for his vote against the unseating of Lorimer of Illinois and praising Senator La Follette for his stand against the Illinois senator. There was no roll call, but Senators Lyons and Perry, both old line stalwarts, voted against the measure.

ALTON B. PARKER.

Discusses the Danbury Hatters' Case Decision.

© 1910, by American Press Association.

DECISION HELPFUL TO LABOR

Alton B. Parker Discusses Reversal In Hatter's Case.

New York, April 12.—The decision of the United States circuit court of appeals in reversing a judgment of $232,240.12 given by the lower court to D. E. Loewe & Co. of Danbury, Conn., against the United Hatters of North America, "blasts the hopes of the American Anti-Boycott association and the plaintiffs of recovering and enforcing judgments against members of labor organizations," in the opinion of Alton B. Parker, counsel for the hatters.

"It is a very important and helpful decision for organized labor," said Mr Parker. "While the suit was brought by the members of the firm of Loewe & Co. and doubtless for their benefit, still the real prosecutor, as appears from the record, was the American Anti-Boycott association.

"That association promised the plaintiff to furnish the lawyers and pay the expenses of a litigation, the trial of which consumed nearly twelve weeks, and in addition selected the defendants"

NORTH DAKOTA LAND INCREASES IN VALUE

Census Bureau Issues Agricultural Statistics.

Washington, April 12.—Census Director Durand issued the first official statement from the census bureau relative to the agricultural statistics of North Dakota collected at the thirteenth decennial United States census, April 15 last.

The statement shows in detail that the number of farms reported in 1910 was 74,165, as compared with 45,332 in 1900, an increase of 28,833, or 64 per cent.

The total value of farm land and buildings was given in 1910 as $822,035,000, as against $198,780,000 in 1900, an increase of $623,255,000, or 314 per cent.

The total value of all farm land alone was reported in 1910 as $729,896,000, as compared with $173,352,000 in 1900, a gain of $556,544,000, or 321 per cent.

The total value of farm buildings alone was given in 1910 as $92,13,000, as against $25,428,000 in 1900, an increase of $66,711,000, or 262 per cent.

The reported value of farm implements and machinery was $43,887,000 in 1910, as against $14,056,000 in 1900, a gain of $29,831,000, or 212 per cent.

The total acreage reported in 1910 was 28,392,000 acres, as compared with 15,543,000 in 1900, an increase of 12,849,000 acres, or 83 per cent.

The improved acreage was returned in 1910 as amounting to 20,439,000 acres, as against 9,645,000 in 1900, an increase of 10,794,000 acres, or 112 per cent.

The improved acreage formed 72 per cent of the total acreage in 1910, and 62 per cent in 1900.

The average value per acre of farm land and buildings in 1910 is stated as $28.95, as against $12.79 in 1900, a rise of $16.16, or 126 per cent.

The average value per acre of farm land alone in 1910 was reported as $25.71, while in 1900 it was $11.15, the amount of gain being $14.56, or 131 per cent.

Postal Official Surrenders.

Chicago, April 12.—John J. Daly, head of the wholesale stamp department of the Chicago postoffice, who stands accused of taking $8,500 in government funds, walked into the federal building and gave himself up. He was locked up in the county jail. A week age he disappeared just before the finding of the shortage in his department. Daly protests his innocence.

G. O. P. CRY FOR STRONG LEADER

Demand Occasionally Heard For a Mark Hanna.

HITCHCOCK OF THAT TYPE.

He Won His Political Advance by "Steam Roller" Methods—Speaker Clark and Congressman Mann Are "Brilliant Plodders" Who Gain Success by Hard and Continuous Work.

By ARTHUR W. DUNN.

Washington, April 12.—[Special.]—Every once in awhile a cry goes up from one source or another asking for a Mark Hanna to lead the Republican party out of its present wilderness. It comes from those who know the vigorous methods employed by Hanna to insure success in politics, and they think that such another man would be able to bring about another era of Republican success in the nation.

But all those who are sending up this cry for a Mark Hanna seem to forget that the chairman of the Republican national committee, Postmaster General Hitchcock, won his present position by using Hanna methods. The celebrated steam roller of which we heard so much at Chicago was simply the same machine with a new name which Hanna had used in the campaign in 1896 when he nominated McKinley.

The same methods were used in regard to southern delegates, and much the same methods, as far as they could be put in operation, during the campaign following the nomination.

Talk of Mann.

Since the unanimous choice of Jim Mann for minority leader there has been a suggestion that he would be just the right person to take charge of the Republican national affairs, but again the men who jump at conclusions fail to see that because a man is a good parliamentary leader in the house it does not follow that it qualifies him for national leadership. It is true that house members conduct congressional campaigns, but that means little or nothing. House members might conduct national politics, but few of them have ever been in charge of national campaigns.

A Brilliant Plodder.

It may seem like a paradox to say that any man is a brilliant plodder, but it describes Jim Mann. It does not miss Champ Clark very much either. Both of these men are hard workers, both are capable in debate and by plodding have acquired that which makes them successful in the lines they are following.

Mann has turned very brilliant tricks in the house. He is the best equipped parliamentarian of the Republican side. He is watchful, never missing a day during the session. He is resourceful and confident. But he has acquired all he knew by hard study. He not only "burns the midnight oil," but he burns the small hours gas and electricity.

Perhaps some of our young men would like to know how Jim Mann has forged to the front. Well, for one thing, he is always on the job.

Booher Among Republicans.

"Here I am right in the thick of the Republicans," remarked Congressman Booher of Missouri as he looked at the name plates on doors in the house office building. There were such names as Payne, Dalzell, McCall, Longworth and others who have been among the Republican leaders for years. "Well, I guess I can stand it, as we are in the majority," was Booher's consoling remark.

An Ex-Senator's Novel.

There is promise that there will be quite a few readers of the novel of ex-Senator Hansbrough of North Dakota. "I am going to buy it even if I do not read it," remarked Congressman Dwight of New York, "just for old time's sake."

Dwight once lived in North Dakota and had very much to do with manipulating the convention which nominated Hansbrough for congress when the state was admitted more than twenty years ago.

Approval as to Looks.

After studying the new congress for a few days the general concensus of opinion by the old time Washingtonians is that a fairly good representative body has assembled and one which averages well in looks. A landslide in a political campaign is almost sure to turn up a lot of freakish statesmen who were nominated "for the fun of the thing."

Such cannot be said of the present congress, especially in regard to appearance, for it is a body of men of which the nation may be proud. But "pretty is as pretty does," and the verdict will be rendered as to the congress when its work is under inspection.

"We have seen some mighty good men enact a mighty poor lot of legislation," is the comment of one who has had experience in the capitol. And the comment does not apply to any particular party. The new senators as well as the new members of the house make a very favorable impression as viewed by the onlookers from the galleries.

The Bonanza Mine.

The great Bonanza mine was purchased for an Indian pony and a quantity of whisky in 1859.

GILBERT M. HITCHCOCK.

Nebraska Senator Lands on Steering Committee.

TRAINING SCHOOL REPORT

House Eliminates Paragraph Referring to Superintendent.

St. Paul, April 12.—The house adopted the report of the special investigating committee on the Red Wing training school, after eliminating the paragraph demanding the resignation of Superintendent Whittier and some of the subordinates. Incidentally, a demand was made for the resignation of the members of the board of control and the proceedings ended with an hour of "rough house," in which half of the members were on the floor all the time demanding recognition.

The house passed Senator A. L. Hanson's bill prohibiting sale of malt except in licensed drinking places; Senator O. A. Lende's bill giving the right of civil action against saloonkeepers for damages inflicted by intoxicated persons when liquor is sold illegally; Representative Robert C. Dunn's anti-roadhouse bill.

TWENTY PERISH IN WRECK OF STEAMER

Shifting of Cargo Causes Small Vessel to Founder.

Victoria, B. C., April 12.—Twenty lives may have been lost when the little wooden steamer Iroquois, plying between Sidney, Vancouver Island, and the islands of the gulf of Georgia, capsized soon after leaving Sidney.

The purser, who had a record of fares collected, is among the dead. Four passengers and seven members of the crew were saved and four members of the crew and probably sixteen passengers were drowned.

When the Iroquois foundered part of the upper works were left above water and persons ashore could see the survivors clinging to that portion of the wreck. The swirl of the waters soon tore off the house and the sea was covered with wreckage, amid which men and women struggled for their lives. Of the bodies which drifted ashore several were equipped with life belts.

The Iroquois foundered fifteen minutes after leaving Sidney. Her cargo shifting she swung over on her port side, circled around as if about to come back to port, partly righted again, went on her beam ends and apparently filling with water foundered in comparatively shallow water. Then her engines blew up.

ANOTHER MILITIA PAY BILL

Passage Depends on Adjustment of Minor Differences.

Washington, April 12.—A militia pay bill similar to the measure fathered by Representative Steenerson of Minnesota in the last congress will be enacted at the special session if Secretary of War Dickinson and General Wood, chief of staff of the army, can reach an agreement with the adjutant generals of the various states as to the provisions of the bill. This understanding was reached as the result of a series of conferences between the war department officials, representatives of the national guards organization and Democratic house leaders.

That a bill can be agreed upon is generally believed, as the points of difference are not serious. The main proposition of the proposed legislation is to place members of the national guard of the several states on the pay roll of the United States government.

RAISE RURAL CARRIERS' PAY

McCumber Introduces Bill Authorizing Increased Compensation.

Washington, April 12.—Increased compensation for rural carriers is authorized in a bill introduced by Senator McCumber of North Dakota, which provides that on and after July 1, 1911, all rural carriers now serving daily routes of twenty-four miles or more shall receive $1,200 a year. Those serving daily routes of less than twenty-four miles shall receive as compensation such proportion of $1,200 as the miles of the routes served by them bears to twenty-four miles.

The McCumber bill provides that no compensation paid to rural carriers shall be less than $600.

SEARCH CHICAGO BANKS FOR CASH

Lorimer Bribery Committee Anxious to Obtain Facts.

WILL ASK GOVERNMENT AID

Comptroller of the Currency, With National Bank Examiners at His Command, Will Be Requested to Lend Assistance in Locating the Alleged Corruption Fund Used in Electing Illinois Senator.

Springfield, Ill., April 12.—The aid of the comptroller of the currency, with the national bank examiners at his command, in searching Chicago banks for trace of the alleged Lorimer corruption fund, is to be sought by the Helm bribery committee, if rumors in circulation here can be given credence.

Certain politicians say that members of the committee believe a corps of bank examiners could do more in tracing the alleged slush fund in a short time than any employe of the committee might accomplish in weeks or months.

It is reported that some of the committee think the comptroller would be justified in lending his aid to unearth evidence that is obtainable in practically no other manner.

Chairman Helm stated positively that his committee will not meet until Thursday. In the meantime members of the committee refuse to talk.

Although process servers have been scouring the state with subpoenas for the last two weeks the names of only five persons who are to appear as witnesses are known here.

These include Edward Tilden, president of the National Packing company, Chicago; former United States Senator Albert J. Hopkins of Aurora; Carl S. Burgett, a member of the lower house in the Forty-sixth assembly and now doorkeeper of the house, and former Representative Johnson Lawrence of Polo and William C. Blair of Jefferson county.

MANSLAUGHTER IS CHARGED

Proprietors of Triangle Waist Company Indicted.

New York, April 12.—Isaac Harris and Max Blanck, owners of the Triangle Waist company, were indicted by the grand jury which is investigating the circumstances of the Washington place fire of March 25, in or as a result of which 145 employes of the company lost their lives.

The indictments, four in number, charge each man with manslaughter in the first and second degrees, the maximum penalty for which is twenty and ten years' imprisonment respectively. Harris and Blanck were arrested at their homes, arraigned and after entering pleas of not guilty were released under $25,000 bail.

The indictments charge that the defendants are responsible for the deaths of Rosie Grasso and Margaret Schwartz, whose charred bodies were found on the ninth floor of the burned building. The Grasso girl was sixteen years old; Margaret Schwartz was twenty-two.

The district attorney hopes to prove that the girls tried the door on the ninth floor in an effort to escape, but that it was locked.

GRANTED RETRIAL ON APPEAL

Kansas City Physician Under Life Sentence for Murder.

Kansas City, April 12.—Dr. B. Clark Hyde, convicted after a sensational trial of the murder of Colonel Thomas H. Swope, a millionaire philanthropist, was granted a new trial by the Missouri supreme court sitting at Jefferson City. Dr. Hyde has been in the county jail at Kansas City nearly a year following a sentence to life imprisonment.

The Missouri supreme court's decision was on an appeal of Hyde's attorneys for a new trial. He had been sentenced July 5, 1910, to life imprisonment by Judge Latshaw. Sept. 23, 1910, his attorneys asked the highest court in the state for a new hearing charging error in 255 points.

Sam Lloyd Stricken.

New York, April 12.—Sam Lloyd, who made a million dollars out of puzzles which he sold to newspapers throughout the United States, died in his home at Brooklyn. He was seventy years old.

Alaskan Town Destroyed by Fire.

Seattle, April 12.—Practically the entire business district of Iditarod City, Alaska, the scene of the recent rich gold strikes, has been destroyed by fire.

CHIEF CLERK EXONERATED

Report of Inquiry Into Alleged Tampering in Cowan Case Made.

Bismarck, N. D., April 11.—Chief Clerk E. H. Griffin, against whom W. S. Crowley of Devils Lake had lodged a complaint charging the attempting to influence evidence given in the Cowan impeachment trial, was completely exonerated of any blame in connection therewith. The report of the committee on investigation showed that the charge was without foundation in fact.

CAUCUS ADOPTS PROPOSED PLANS

Democrats Approve Ways and Means Programme.

FREE LIST FOR THE FARMERS

No Opposition Develops to Reciprocity and No Amendments to Bill Presented by Chairman Underwood—Long List of Articles Which Farmers Purchase Will Be Placed on the Free List—Further Negotiations With Canada Urged.

Washington, April 12.—Reciprocity with Canada and a farmers' free list, it was decided at the Democratic caucus held here, will be the legislation taken up in the order named by the present house of representatives. The woolen and cotton schedules, according to present indications, will follow.

In the caucus there was no opposition to reciprocity and no changes or amendments to the bill as presented by Chairman Underwood of the house ways and means committee were offered by any of those present.

On the free list will be included those things which the farmer needs most, namely, agricultural implements, dressed meat and meat products, flour, rough lumber, boots, shoes and saddles, wire fencing, baling wire, cotton bagging, cotton ties, bagging ties, burlap and salt.

On many of these products the present tariff is practically prohibitive and there are few importations of them on that account. It is impossible for this reason to estimate what the difference will amount to by putting them on the free list.

Attempt to Combine Bills.

In the debate which followed Chairman Underwood's presentation of the general plan a spirited disposition developed on the part of several members to demand that the reciprocity and the free list bills be combined. Representatives Rucker of Colorado and Sherley of Kentucky made these efforts to override the majority, but the ways and means programme was generally supported.

It is probable that the Canadian bill will be introduced Thursday. The introduction of this bill and the farmers' free list bill as caucus measures will not stand in the way of immediate introduction of the three important measures—popular election of senators, publicity before election of campaign contributions and statehood for Arizona and New Mexico. These are not to be treated as caucus measures, but will come in as party bills, and will be taken up for action as soon as they can be reported from their respective committees.

The caucus voted a straight endorsement of the Underwood reciprocity bill, 128 yeas, 29 nays and 6 voting present.

The caucus added a provision to the Underwood reciprocity bill calling on the president to continue negotiations with Canada with a view of establishing further reciprocal trade relations. Mr. Fitzgerald (N. Y.) fought this provision, but was voted down.

Another caucus is to be held to debate the revision of the wool and cotton schedules, to be taken up in the house following the passage of the reciprocity and free list bills.

ALLEGE FAILURE TO OBSERVE TARIFFS

Grand Jury Indicts Two Eastern Railway Lines.

Pittsburg April 12.—Indictments were returned against the Pennsylvania Railroad company and the Pittsburg and Lake Erie Railroad company by the federal grand jury in the United States district court. The charges are of a criminal nature and involve the alleged failure by an interstate carrier to observe the tariffs filed with the interstate commerce commission and with unlawfully granting concessions in the matter of demurrage charges.

The indictments against the railroads are the same and there are ten counts for both on each charge, or forty counts in all. Upon conviction the maximum fines may aggregate $400,000 against each of the corporations.

All the offenses are alleged to have been committed within the last three years. The Pittsburg and Lake Erie company's violations consist of shipping carloads of billets from Youngstown, O., to the Carnegie Steel company of this city. Some of the cars, it is said, were detained twenty-four days beyond the free time allowed and the railroad failed to collect demurrage charges. Shipments of ore over the Pennsylvania railroad from Cleveland and Ashtabula, O., to Pittsburg with similar demurrage concessions on cars, is also charged.

Found Dead in Barn.

Eau Claire, Wis., April 12.—The body of Ole O. Arnstad, a carpenter contractor, was found hanging by the neck in the loft of a barn on the Arnstad premises. He had hung himself with a clothes line. He was a widower and leaves several sons and daughters. It is thought he was temporarily insane.

Camp Meetings.

It was in August, 1799, that the first camp meeting for religious worship was held in America.

GRAIN AND PROVISION PRICES

Butter, Eggs and Poultry.

Chicago, April 11.—Butter—Creameries, 14@21c; dairies, 13@18c. Eggs—13½@15½c. Poultry—Turkeys, 19c; chickens, 15½c; springs, 15½c.

Duluth Wheat and Flax.

Duluth, April 11.—Wheat—To arrive and on track—No. 1 hard, 98½c; No. 1 Northern, 97½c; No. 2 Northern, 94½@95½c; May, 96¾c; July, 97½c. Flax—On track and to arrive, $2.53; May, $2.52.

Minneapolis Wheat.

Minneapolis, April 11.—Wheat—May, 95⅜c; July, 96¼c; Sept., 89½@89⅝c. On track—No. 1 hard, 98⅞c; No. 1 Northern, 98@98⅜c; No. 2 Northern, 94⅜@96⅞c; No. 3 Northern, 92⅜@94⅜c.

St. Paul Live Stock.

St. Paul, April 11.—Cattle—Good to choice steers, $5.50@6.15; fair to good, $5.00@5.50; good to choice cows and heifers, $4.50@5.25; veals, $4.50@6.25. Hogs—$5.75@6.25. Sheep—Wethers, $4.25@4.85; yearlings, $4.25@5.10; spring lambs, $5.00@6.20.

Chicago Live Stock.

Chicago, April 11.—Cattle—Beeves, $5.15@6.70; Texas steers, $4.40@5.65; Western steers, $4.80@5.75; stockers and feeders, $4.00@5.70; cows and heifers, $2.60@5.80; calves, $5.00@6.75. Hogs—Light, $6.25@6.70; mixed, $6.15@6.55; heavy, $5.85@6.40; rough, $5.85@6.10; good to choice heavy, $6.10@6.40; pigs, $6.25@6.70. Sheep—Native, $3.00@4.85; yearlings, $4.40@5.50; lambs, $4.75@6.30.

APPEALS TO THE MINORITY

Mann Hopes to Heal All Wounds in Republican Ranks.

Washinngton, April 12.—Harmony within the ranks is the keynote of Minority Leader Mann. He is working to bring all the factions together on a legislative programme and organize forthcoming campaigns. By concession and conciliation he hopes to accomplish much in the direction of healing the wounds caused by the unyielding attitude of Mr. Cannon while speaker.

The first demonstration of the importance of bringing the party together was given when the Republican assignments to the committees were announced. Although the assignments were made after consultation with Mr. Cannon it was found that the progressives had been well provided for.

Mr. Mann appealed to the minority to give its approval to the work he had done and urged all Republicans to get together that "the unified minority may become a powerful majority."

Wilson Favors the Recall.

Trenton, N. J., April 12.—Governor Wilson, in a special message to the legislature, urges the passage of a bill giving cities a commission form of government that provides for the initiative, referendum and recall.

IN THE INTEREST OF PEACE

Madero, Sr., Offered Protection on Visit to Son.

San Antonio, Tex., April 12.—Francisco Madero, Sr., said he would enter Mexico in a private railroad car furnished by Jose Limantour, minister of finance, and try again to induce his son, the Mexican provisional president, to lay down his arms.

Madero, returning here from El Paso, said he had received assurance of protection enroute to Mexico and that he will await the arrival of Limantour's car.

The Commuter.

After the sermon on Sunday morning the rector welcomed and shook hands with a young German.

"And are you a regular communicant?" said the rector.

"Yes," said the German. "I take the 7:45 every morning."—Lippincott's.

One For the Girl.

"Girls make me tired," said the fresh young man. "They're always going to some of these palmists to have their hands read."

"Indeed!" said she sweetly. "Is that any worse than men going into saloons to get their noses red?"

Why "F-I-T" spells "Economy"

A glove that is too tight in some places and too loose in others will wear out much faster than a well fitting glove.

FOWNES GLOVES

have a world-wide reputation as gloves that fit. The skin is stretched, cut and stitched so that each glove gently clings to the hand without unduly binding it.

Generation after generation of expert glove makers have carried on the Fownes reputation—for 133 years. Today Fownes gloves are sold in almost every civilized nation.

They are sold under their *own name* which is stamped on the inside—a name worth looking for.

"It's a Fownes—that's all you need to know about a glove."

A GREWSOME FIND IN SCRAP PILE

Finns Pick Pieces of Flesh From Scrap Pile Near Northern Pacific Blacksmith Shop

TAKEN TO DR. BEISE & CORONER

Thought to Have Been Remains of Body of Frank Kulmala, Lost Several Months Ago

Finns at work on the big iron scrap pile east of the Northern Pacific railway blacksmith shop struck pieces of flesh with their picks last night, and some of them thinking it was parts of a human body, gathered up the pieces, placed them in a gunny sack and gave them to the chief of police.

It was rumored that the body of Frank Kulmala, of Southeast Brainerd, who so mysteriously disappeared several months ago, had been found. The small cubes of flesh, making about two hands full, were turned over by Chief Quinn to Dr. R. A. Beise.

Dr. Beise gave the case a most careful examination and declared it was not human flesh. Chief Quinn turned it over to the coroner and he also made the same findings, after visiting the scene of the discovery.

In the pieces submitted were no bones, sinews, cords or tendons, or any trace of skin. As this scrap iron comes from all sections of the railway system it may have been shipped in from some outside point.

PILES CURED IN 6 TO 14 DAYS
PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c. mwf

Botany Bay.

Sir Joseph Banks was the man who invented the once familiar phrase "Botany Bay." He was the botanist attached to the expedition of Captain Cook, the "Australian Columbus." Landing at this bay, close to the present city of Sydney, he found such an abundance of strange plants and flowers that he associated the word "botany" with it for all time. For a long time Botany Bay and Australia were synonymous in England. Sydney has spread out to the historic bay, and you can travel by tram car to "Botany." It was Sir Joseph Banks who made the kangaroo and other Australian animals known to science. — London Graphic.

BRIDE OF A MONTH DIES

Mrs. Agnes Freeman, of Duluth, Dies After 4 Days Illness—Has Two Uncles in City

The Duluth Herald of Tuesday, April 11th, mentions the sad death of a bride of only four months, Mrs. John Freeman, of Duluth, formerly Miss Agnes Carlson who is said to have two uncles residing in Brainerd.

The article states: "Mrs. Agnes Freeman, a bride of a month, died early today at her new home, 2213 West First street. Heart trouble of four days' duration was the cause of her death. She was 28 years old and the wife of John Freeman.

They were married in Duluth, March 11, just a month today. Although the bride has lived in the city for the past seven years, she has no relatives in this country except two uncles residing in Brainerd. She was a native of Sweden, where her parents now reside. Her maiden name was Agnes Carlson.

Freeman is employed as a lineman for the Duluth Street Railway company, and has been a resident of the West end for the past five years.

The funeral will be held Thursday afternoon at 2 o'clock from the Olson & Crawford undertaking rooms, 2118 West First street, to the Scandinavian Union cemetery at Hermantown, Rev. Carl G. Olson, pastir of Bethany Swedish Lutheran church, will officiate."

To Aid in Fighting Saloons.

Fargo, N. D., April 12.—After considerable bitter discussion during the sessions of the North Dakota Enforcement league members of the league decided to give 2½ per cent of all their funds each year to the National Anti-Saloon league for the purpose of carrying on its work in the nation.

The Lesson.

It is a poor rule that will not work both ways. A minister was catechizing a group of Sunday school children on the incident of Eutychus. He had explained how at Troas the apostle had been preaching his farewell sermon and had prolonged his discourse to so late an hour that the young man Eutychus fell out of the window, being overcome with sleep. But St. Paul went down and brought him back to life again. "And what do we learn from this incident?" he concluded.

A little girl put out her hand, and the minister pointed to her.

"Please, sir," she answered, "we learn that ministers should not preach long sermons."

NEW FOUNDRY TO START JUNE FIRST

Messrs. H. W. Topping, W. H. Wilson and F. G. Prest, Inspect the Foundry Today

WILL EMPLOY OVER 200 MEN

Mr. Wilson is Assistant to Third Vice President George T. Slade, of the N. P. Ry.

Attached to last night's passenger train from St. Paul was a private car bearing Mr. H. W. Topping, of St. Paul, of the firm of Parker & Topping; Mr. W. H. Wilson, the assistant to Third Vice President George T. Slade of the Northern Pacific railway, and F. G. Prest, general purchasing agent of the railway company.

The car was switched to the side track near the Y. M. C. A. building and this morning the gentlemen made a tour of examination of the new foundry, visiting and inspecting all the various branches. The foundry, pattern shop, power house, coal sheds and all sections of the large plant were visited and critically examined.

All the gentlemen were piloted about by Mr. E. O. Webb in their tour and were very reticent when it came to imparting any information.

Mr. Topping, however, vouchsafed the important announcement that the foundry would start up on June first with a force of from 200 to 300 men, and that Parker & Topping had secured, as usual, the contract for all foundry and casting work to be done by the Northern Pacific railway.

The party will remain in the city the balance of the day and will probably return this evening to St. Paul.

Sahara's Oases.

Some of the oases of the Sahara are quite large, one of them being 120 miles long and fifty-eight miles wide. The springs are of various kinds—hot, cold, mineral or gaseous. The Kargha oasis dwellers raise grain, onions and dates, but live on the least possible amount of food, work and reasoning power. Marshes abound and fever prevails.

THIRTY YEARS OF SUCCESS.

The Rexall Store Offers a Remedy For Catarrh — The Medicine Costs Nothing if It Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of thirty years of enviable success to his record.

We receive more good reports about Rexall Mucu-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Mucu-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membraneous tract, to destroy and remove the parasites which injure the membraneous tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the muco-cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Mucu-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucu-Tone in two sizes, 50 cents and $1.00. Remember you can obtain Rexall Remedies only at our store—The Rexall Store.

—Johnson's Pharmacy.

Mussy Children

Kickapoo Worm Killer makes children regular; stops mussy habits; makes their bowels act naturally; stimulates the liver; clears out malarial symptoms. Acts as a safe tonic and health-builder. It is the best worm medicine known, and also the finest general tonic for children. Price, 25c.; sold by druggists everywhere

ANNIVERSARY PROGRAM

Modern Brotherhood Celebrates 14th Anniversary Last Night and Takes in a Class

The members of White Sand Lodge, No. 360, of the Modern Brotherhood of America, celebrated the 14th anniversary of the founding of the order at their hall last night. A class of eight candidates was initiated into the mysteries of the organization.

A literary and musical program was given. The lodge was honored by the presence of two prominent officials of the order, W. E. Kinman of Minneapolis, the state manager of Minnesota and I. E. Leighton, the district manager of this territory. Both gentlemen delivered appropriate addresses.

The program was as follows:

1. Solo ----------Mr. Brown
2. Recitation ---Miss Irene Cawley
3. Song --------Imperial Quartette
4. Song -----Rev. Chas. Fox Davis
5. Address--------W. E. Kinman
6. Violin solo------Miss Whitford
7. Recitation ------Miss McGarry
8. Address --------I. E. Leighton

After the program was rendered a luncheon was served by the ladies. Everybody spent a most enjoyable evening and each felt well repaid for his attendance at the anniversary ceremonies.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

Marriage Licenses

April 10, 1911—Harry M. Baldwin to Georgett Hutchins.

April 11, 1911—A. J. McFall of St. Louis county to Ethel Conley.

EASILY DECIDED

This Question Should be Answered Easily by Brainerd People

Which is wiser—to have confidence in the opinions of your fellow citizens, of people you know, or depend on statements made by utter strangers residing in far-away places? Read the following:

Mrs. C. Sundberg, 1504 E. Pine St., Brainerd, Minn., says: "Doan's Kidney Pills have earned my grateful endorsement. I suffered for several years from backache and it not only made me uncomfortable while doing my work, but kept me from getting my proper rest at night. I was sometimes distressed by dizzy spells and often my feet and ankles were swollen. The doctors said I had kidney complaint, but their medicine failed to help me. A few months ago I was told about Doan's Kidney Pills and I procured a box at a local drug store. Since using them, I have had but little pain in my back and have been stronger and better able to do my work. If my experience will be the means of helping other kidney sufferers, I am glad to give a public account of it." (Statement given August 31, 1908).

RE-ENDORSEMENT—On October 12, 1910, Mrs. Sundberg was interviewed and she said: "I can still recommend Doan's Kidney Pills in the highest terms. This remedy has certainly been of the greatest benefit to me and it will always have my hearty praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—take no other.

F. A. GLASS—Mining Engineer and Surveyor. Direction of Explorations, surveys, plans, estimates reports.

When you want Job Work of the best quality give The Dispatch a trial.

It Looked Possible.

A very large man, who tipped the scales at over 300 pounds, was one day walking down a quiet village street. As he passed a corner a group of country lads gazed in amazement at the round, fat figure which practically filled up the path.

Amused at the wonderment in their eyes, the man said, "Well, boys, think you will know me the next time you see me?"

Instantly came the reply, "We will if you don't bust."—Ladies' Home Journal.

Neal Three-Day Cure For the Drink Habit

A PURELY VEGETABLE REMEDY
NO HYPODERMIC INJECTIONS

The Neal Treatment and the methods of its administration are pronounced and conceded, by all who have investigated, to be not only ethical and professional, but entirely satisfactory. The sureness and success of the Treatment in all cases has been demonstrated and proved by Doctor Neal who, during the past ten years, has successfully cured upwards of three thousand bad cases of the drink habit without a single failure—each one in just three days' time.

The Neal Treatment is simple yet very effective. Doctor Neal, after many years of the most painstaking, professional and thorough study, experiment and investigation, has found and demonstrated that the drink habit instead of being a disease or an inherited affliction is due to the stored up poison in the system, coming from the continued and excessive use of alcohol.

After making this discovery and demonstration he found the antidote for alcoholic poison. The administration of this antidote results in the neutralization of the poison. Thus antidoted and neutralized, the poison is eliminated from the system, and the desire, appetite and craving for drink is at once destroyed or lost.

This is all accomplished in each case in from one to thirty-six hours, depending entirely upon the physical and mental condition of the patient. With this accomplished, nature, aided by the recuperative and building-up treatment soon asserts its power, and at the end of three days the patient returns to his home in a normal and healthy condition.

The Neal Cure is the most effective and safest ever dedicated to the cause of greater human happiness. There is a buoyant air in the "God-bless-yous" which daily are showered upon Neal Institutes by men redeemed.

Each patient is given a plain contract, agreeing to effect a perfect cure in three days, or return the full fee paid. Call, write, phone or wire for free booklet giving full information, also for a copy of our contract and guarantee bond. Everything confidential, bank reference cheerfully furnished.

You can now build of concrete block and get the effect and pleasing appearance of the finest stone masonry.

We have purchased a Hobbs Ideal and an Anchor Block Machine equipped with the new composition Face Plates. These plates are a cast direct from natural stone and produce a block with a rock fact that has the grain, the sharp lines and the beauty of natural stone.

By using fifteen different sizes of these natural looking blocks and laying them up in the real Scotch Broken Ashlar we can get an effect that will surprise and please you.

When you see this work the slight extra cost is forgotten for the increase in value of your building and the feeling of pride and satisfaction you will derive will more than satisfy you.

With our new machines we are not only able to produce finer appearing blocks than has ever before been possible but we can make hundreds of different sizes to fill any demand.

We can make our blocks very wet so that they will be waterproof and make them so strong that a preassure of 100 tons will not crack them.

Every reasonable objection to concrete block is thus overcome and we cordially invite you to visit our plant and investigate.

Remember that concrete blocks costs no more than first class lumber construction and it requires no painting, no insurance, costs less to heat in the winter and is cooler in the summer.

If you are planning to build allow us to give you an estimate. It will be a pleasure.

NOW IS THE TIME to see us about building cement walks and curbing. As city cement contractors we have done much of this work and guarantee every bit of it.

Phone, write or see us about prices and estimates. We shall be pleased to figure on any kind of a job, large or small.
